BOARD OF GOVERNING BODY

Minutes of Meeting

The meeting of Board of Governors was held on 04-07-2022 in the points included in agenda have been discussed and recommendations of Board of Governors is attached herewith;

- Discussed the outcomes of the previous year meeting.
- The committee engaged in discussions regarding the upgrade of teaching methods for offline classes. The current approaches and practices were reviewed, and the need for incorporating innovative and effective teaching techniques was emphasized. Various ideas and suggestions were shared to enhance student engagement, promote active learning, and leverage technology in offline classrooms.
- The committee discussed and revised academic policies, admission procedures, and the curriculum for an enrichment program. These discussions and decisions aimed to establish clear guidelines and standards for educational processes, student admissions, and the content of the enrichment initiative.
- The principal discussed the internal scholarship allotment process for the upcoming session. The existing scholarship program and its criteria were reviewed, and suggestions were shared to enhance the efficiency and transparency of the process. A subcommittee was formed to revise the scholarship criteria, with a timeline set for presenting the revised guidelines in the next meeting for final approval.
- The principal discussed the use of ICT tools in modern education to enhance the teaching-learning process, specifically focusing on their implementation in labs and classrooms. The potential benefits and challenges associated with integrating ICT tools were explored, and strategies for effective utilization were discussed. The meeting concluded with an agreement to explore further opportunities and training programs to support teachers in utilizing ICT tools effectively.
- The principal discussed the need to strengthen the Training and Placement Office (TPO) cell to facilitate more students for campus placements. The current functioning of the TPO cell was reviewed, and measures to enhance its effectiveness were explored. Strategies such as expanding industry connections, organizing skill development workshops, and providing career guidance were discussed to improve the campus placement opportunities for students.
- The principal discussed the importance of strengthening the sports board to support students in their sports career and encourage their participation in national and international events. The current role and functioning of the sports board were reviewed, and strategies to enhance its support and resources were explored. Measures such as increasing training opportunities, providing necessary facilities, and establishing collaborations with sports organizations were discussed to promote students' success in sports at various levels.
- The committee approved the budget for the academic year 2022-23. The objective of this deliberation was to ascertain the financial resources at hand and allocate them suitably to bolster diverse academic endeavors, programs, and initiatives.

St. Wilfred Education Society

Sector-10, Meera Marg, New Sanganer Road, Mansarovar, JAIPUR - 302020

Ph. : 0141-2780436, 2780904 • Fax : 0141-2784426

E-mail : st.wilfreds@gmail.com • Website : www.stwilfreds.com

- The committee actively participated in discussions regarding academic reforms within the college. The objective of these deliberations was to identify areas for improvement and implement changes that would enhance the quality of education and academic processes.
- The committee engaged in discussions regarding the distribution of scholarships for the upcoming session. The aim of these deliberations was to evaluate the scholarship program, review the eligibility requirements, and allocate funds to deserving students.
- The committee discussed the need for enhanced security measures in the college. The goal of these deliberations was to address concerns related to campus safety, reinforce security protocols, and ensure the protection and well-being of students, faculty, and staff.
- The committee strategized the development policies for students, faculty members, employees, and alumni, and devised plans for their implementation in alignment with the guidelines of the University Grants Commission and the UOR Governing policies.
- The committee participated in discussions regarding the Governor's Report on the institution's progress, accomplishments, and strategic plan. The Governor's Report offers a comprehensive assessment of the institution's performance, showcases notable achievements, and outlines the strategic roadmap for future endeavors.
- The committee examined the recommendations put forth by a dedicated selection committee established for a specific objective. The selection committee likely undertook the responsibility of evaluating and shortlisting candidates for various procedures, including job positions, scholarships, awards, or other relevant selection criteria.
- The committee engaged in discussions with the board regarding the institution's alumni initiatives. Committee members shared information, updates, and future plans concerning the active participation and engagement of the alumni community.
- The committee conducted discussions with the board regarding the status of academics, examination results, and placements within the institution. Committee members presented reports, data, and updates on these important aspects to provide an overview of the current situation and progress.
- The committee engaged in deliberations with the board regarding the financial status of the institution. Committee members presented reports, financial statements, and updates on the institution's finances to provide an overview of the current financial situation.
- The committee actively participated in discussions and strategic planning concerning faculty and staff positions within the institution. Committee members assessed the existing faculty and staff structure, analyzed workload distribution, and considered the institution's future needs and requirements.
- The committee actively participated in discussions regarding the recognition and honors received by the institution. Committee members exchanged information .
- about the prestigious awards, accolades, and commendations bestowed upon the institution in various fields.
- The committee engaged in deliberations regarding the progress of St. Wilfred's PG College. They conducted a thorough review and assessment of various aspects encompassing the college's growth, development, and overall performance.
- Other matters with the permission of Chair.

Digital Marketing

COURSE OUTCOMES:

- **Communication:** Communicate clearly and effectively in both written, oral and digital forms to an intended audience using strategies and methods appropriate to college-level expectations.
- **Critical Thinking and Problem Solving:** Students will demonstrate critical thinking characterized by the ability to define business problems with the evidence available, discern fact from opinion, determine underlying causes, and formulate and evaluate potential solutions.
- **Leadership and Team Collaboration:** Student's leadership skills will be evidenced in taking initiative, communicating objectives, building agreement, ability to change and motivating team members to perform. A key ingredient in the student's development of leadership and teamwork skills is self-assessment; therefore, students will assess their own leadership style, strengths, and areas for improvement.
- **Digital Ethics:** Students will recognize ethical and moral issues, identify needed actions, and demonstrate the moral courage to implement them. They will also review questions of ethics, privacy issues with social media, conflict, and citizenship to frame understanding of digital marketing.

Report of Digital Marketing Course

In Digital Marketing Course 50 students participated. They have learnt so many things through this Digital Marketing Course as:

- **Quantitative Ability:** This sub-test is designed to test the quantitative ability of the candidates. The subtest consists of questions on Addition, Multiplication, Division, Fractions, Percentage, Rate of Interest, Work and Task, Ratio and Proportion, and Distance.
- **Communication Ability and English Comprehension:** This sub-test is aimed at testing the language ability of the candidates in day-to-day communication in English. It includes questions on synonyms, antonyms, words with corresponding meanings, singular, plural, one-word substitutes, idioms and phrases, correct spellings, comprehending a situation from a given passage, etc.
- **Goal Setting and Employment Preparation:** After the completion of this unit students will learn to deliver the presentation in a more powerful and persuasive way. It also improves the clarity and confidence of the students. After the completion of this unit, students will learn about the synchronization with the workmate and also gives them an opportunity to unlock their individual potentials.

36 Days Course Report

Overview:

The 36-day course on Personality Development and Inter Personal Skills Course was designed to provide guidance to enhance student's personality and good interpersonal skills. This course will help to students to build better and longer-lasting relationships, both at home and at work. Students will be able to deal with sales and customer relations management.

Curriculum:

- **Week 1: Introduction to Personality development**
 1. Define Personality & Determinants of Personality Development
 2. Perception Definition & Types of Personalities
 3. Perceptual process & Self Esteem

- **Week 2: 360 Degree Assessment**
 1. 360 Degree Assessment
 2. Competency Mapping
 3. Introduction to Effective Communication
 4. Effective communication key aspects

- **Week 3: Factors of good Manners and Etiquettes**
 1. Introduction to Manners & Etiquettes
 2. Types of Etiquettes
 3. Factors of association good manners and etiquettes
 4. Personality trait & Effective Habits and Emotional Intelligence

- **Week 4: Attitude and personality development theory**
 1. Introduction to Attitude and personality development theory
 2. Attitude- Concept & Significance
 3. Factors affecting attitudes
 4. Meaning of Positive attitude
 5. Carl Jung's Personality development theory

- **Week 5: Computer Vision**
 1. Introduction to Effective Speech
 2. Understanding of body language
 3. Meaning of Motivation
 4. Meaning of introspection

- **Week 6: Self-assessment and self- appraisal**
 1. Introduction to Self – Assessment
 2. Introduction to self-Appraisal and Self-development
 3. Sigmund Freud ID
 4. Ego and superego

Report of Personality Development and Inter Personal Skills Course

In Personality Development and Inter Personal Skills Course 50 students participated. They have learnt so many things through this Personality Development and Inter Personal Skills Course as:

- After completion of this course the student will be able to understand, analyze develop and exhibit accurate sense of self. Think critically. demonstrate knowledge of personal beliefs and values and a commitment to continuing personal reflection and reassessment.
- Learn to balance confidence with humility and overcome problems associated with personality & Recognise the importance of interpersonal skills & to know how good communication with other can influence our working relationships & outline the roles we play in our work groups and teams.
- Discover an interpersonal skills model to create an action plan for the skills you want to develop or improve & Use multiple self-assessments to increase understanding of yourself and the perspectives of others and Create supportive workplace relationships by treating others with respect, trust, and dignity & Use strategies to successfully overcome tense situations and restore confidence in relationships.
- Using a competitive game environment, use interpersonal skills to respond to a series of scenarios & Apply positive and productive communication techniques to various types of interactions by receiving feedback from others.

Syllabus: Certificate in Artificial Intelligence

Unit-1

Introduction to Artificial Intelligence

1. Definition and scope of Artificial Intelligence (AI)
2. Brief history of AI and its evolution
3. Types of AI: Narrow AI, General AI and Super AI
4. Applications of AI in different industries

Unit-2

Machine Learning Fundamentals

1. Introduction to machine learning
2. Supervised, unsupervised, and reinforcement learning
3. Data pre-processing and feature selection
4. Training and testing machine learning models
5. Performance evaluation of models

Unit-3

Deep Learning and Neural Networks

1. Introduction to deep learning and neural networks
2. Types of neural networks: feedforward, convolutional, recurrent, etc.
3. Forward and backpropagation algorithms
4. Training and fine-tuning neural networks
5. Common deep learning frameworks and tools

Unit-4

Natural Language Processing (NLP)

1. Introduction to NLP and its applications
2. Text preprocessing and cleaning techniques

Unit-5

Computer Vision

1. Introduction to computer vision and its applications
2. Image processing and feature extraction
3. Object detection and recognition
4. Image segmentation and classification
5. Common computer vision libraries and tools

Unit-6

Ethics and Future of AI

1. Ethical issues and concerns in AI
2. Bias and fairness in AI systems
3. Explain ability and interpretability of AI models
4. Future of AI and its potential impact on society and economy
5. Resources for further learning and development in AI
6. Case studies and examples

Certificate in Artificial Intelligence

COURSE OUTCOMES:

On completion of the course, student will be able to–

- Student will understand of the basic concepts, principles, and techniques in artificial intelligence.
- AI can automate repetitive tasks and processes, leading to increased efficiency and productivity in industries such as manufacturing, logistics, and customer service.
- AI can assist in medical diagnosis, drug discovery, personalized treatment plans, and medical image analysis, potentially leading to improved patient outcomes and reduced healthcare costs.
- AI-generated content, such as art, music, and literature, challenges traditional notions of creativity and opens up new possibilities for artistic expression.
- The students will explore various real-world applications of AI, such as natural language processing, computer vision, robotics, and recommendation systems.

36 Days Course Report

Overview:

The 36-day course on Artificial Intelligence was designed to provide students with the knowledge and skills necessary to analyze data and make informed business decisions. The course covered a range of topics, including Introduction to Artificial Intelligence, Machine Learning Fundamentals and Deep Learning and Neural Networks etc.

Curriculum:

- **Week 1: Introduction to Artificial Intelligence**
 5. Definition and scope of Artificial Intelligence (AI)
 6. Brief history of AI and its evolution
 7. Types of AI: Narrow AI, General AI and Super AI
 8. Applications of AI in different industries
- **Week 2: Machine Learning Fundamentals**
 6. Introduction to machine learning
 7. Supervised, unsupervised, and reinforcement learning
 8. Data pre-processing and feature selection
 9. Training and testing machine learning models
 10. Performance evaluation of models
- **Week 3: Deep Learning and Neural Networks**
 6. Introduction to deep learning and neural networks
 7. Types of neural networks: feedforward, convolutional, recurrent, etc.
 8. Forward and backpropagation algorithms
 9. Training and fine-tuning neural networks
 10. Common deep learning frameworks and tools
- **Week 4: Natural Language Processing (NLP)**
 6. Introduction to NLP and its applications
 7. Text preprocessing and cleaning techniques
 8. Text classification and sentiment analysis
 9. Language modeling and sequence generation
 10. Common NLP libraries and tools
- **Week 5: Computer Vision**
 6. Introduction to computer vision and its applications
 7. Image processing and feature extraction

Report of “Certificate in Artificial Intelligence”

In Certificate in Artificial Intelligence 340 students participated. They have learnt so many things through Certificate in Artificial Intelligence as:

- After completion of this course the student will be understanding of the basic concepts, principles, and techniques in artificial intelligence.
- The students will learn the fundamentals of machine learning algorithms, including supervised and unsupervised learning, neural networks, decision trees, and regression.
- The students will develop practical skills in implementing and applying AI techniques, such as data pre-processing, feature extraction, model training, and evaluation.
- The students will acquire proficiency in programming languages commonly used in AI, such as Python, and learn how to develop AI applications using popular frameworks and libraries.
- The students will explore the ethical and social implications of AI technologies, including privacy concerns, bias, and fairness, and develop an understanding of responsible AI development and deployment.
- The students will learn data analysis and visualization techniques to gain insights from data and effectively communicate findings.
- The students will explore various real-world applications of AI, such as natural language processing, computer vision, robotics, and recommendation systems.

Certificate in Vocal/Instrumental Course

COURSE OUTCOMES:

Classical Music:

- Rich and complex compositions
- Use of traditional forms and structures (e.g., sonata, symphony, concerto)
- Emphasis on instrumental music
- Prominent use of orchestras and chamber ensembles
- Composers like Mozart, Beethoven, Bach, and Tchaikovsky

Light Music:

- Catchy and melodic tunes
- Upbeat and enjoyable rhythms
- Often used in background settings (e.g., films, commercials)
- Popular genres include pop, jazz, folk, and easy listening
- Prominent use of vocals and popular instruments
- Artists like Frank Sinatra, Ella Fitzgerald, Norah Jones, and The Beatles

Vocal Music:

- Expressive delivery of lyrics and melodies
- Use of different vocal techniques such as belting, vibrato, and falsetto
- Conveyance of emotions and storytelling through the lyrics
- Ability to create a strong connection with the audience through vocal performance
- Potential for improvisation and embellishments in certain genres
- Range of vocal styles, from classical opera to contemporary pop

Instrumental Music:

- how case of instrumental skill and technique
- Ability to convey emotions and tell a story through instrumental melodies
- Utilization of different playing techniques and styles specific to each instrument
- Potential for improvisation and solos in various genres like jazz and rock
- Collaboration with other instrumentalists to create harmonies and textures
- Opportunities for instrumentalists to explore their unique musical voice and express their creativity.

Project Management

COURSE OUTCOMES:

- Companies regularly use project management to achieve optimum results through the use of limited resources and under critical time constraints. In the services sector, the use of project management to achieve the objectives of an organization is quite common. Advertising campaigns, political campaigns, family vacations planning or even a project management course, like this one, are organized as projects.
- In recent years a relatively new growth area in the use of project management is the use of projects as a way of accomplishing organizational change. Indeed, there is a rapid increase in the number of firms that use projects as the preferred way of accomplishing almost everything they undertake.

The main objective of this course is to introduce the student to the rich world of Project Management methodologies and its application at a global scale. In a world that has become globalized, the need for leaders capable of facing challenges is growing every day. We need leaders and project managers who are capable of understanding cultural and ideological differences, are respectful of different habits than their original environments, and are able to succeed in project goals.

Aptitude and Career Enhancement Course: Student Learning Outcomes

- **Quantitative Ability:** This sub-test is designed to test the quantitative ability of the candidates. The subtest consists of questions on Addition, Multiplication, Division, Fractions, Percentage, Rate of Interest, Work and Task, Ratio and Proportion, and Distance.
- **Communication Ability and English Comprehension:** This sub-test is aimed at testing the language ability of the candidates in day-to-day communication in English. It includes questions on synonyms, antonyms, words with corresponding meanings, singular, plural, one-word substitutes, idioms and phrases, correct spellings, comprehending a situation from a given passage, etc.
- **Analytical Ability and Logical Ability:** This sub-test is designed to test the candidate's capacity for inference and logic from the given information and to evaluate the candidate's ability to identify a given problem and apply reasoning in solving the core issues of the problem. Concepts and practices of creative and lateral thinking are likely to be useful.
- **General Knowledge and Current Affairs:** This sub-test is designed to test the candidate's general knowledge and current affairs. The number of questions may vary in each section and for each course year to year. The level of difficulty in questions for all courses may vary.
- **Self- Assessment, Decision Making and Communication Skills:** The students will have learnt about the way of quality communication with the co-workers and it will also help to build a strong social relationship with outside society. The student will have develop listening and conversing skills with respect to adaptable situations. At the end of this unit, students will have developed themselves in the active thinking and also learns about the effective usage of words.
- **Goal Setting and Employment Preparation:** After the completion of this unit students will learn to deliver the presentation in a more powerful and persuasive way. It also improves the clarity and confidence of the students. After the completion of this unit, students will learn about the synchronization with the workmate and also gives them an opportunity to unlock their individual potentials.

- **Quantitative Ability:** This sub-test is designed to test the quantitative ability of the candidates. The subtest consists of questions on Addition, Multiplication, Division, Fractions, Percentage, Rate of Interest, Work and Task, Ratio and Proportion, and Distance.
- **Communication Ability and English Comprehension:** This sub-test is aimed at testing the language ability of the candidates in day-to-day communication in English. It includes questions on synonyms, antonyms, words with corresponding meanings, singular, plural, one-word substitutes, idioms and phrases, correct spellings, comprehending a situation from a given passage, etc.
- **Goal Setting and Employment Preparation:** After the completion of this unit students will learn to deliver the presentation in a more powerful and persuasive way. It also improves the clarity and confidence of the students. After the completion of this unit, students will learn about the synchronization with the workmate and also gives them an opportunity to unlock their individual potentials.

Web Technology & Web Designing Course: Student Learning

Outcomes

At the end of the course the student will be able to:

- **BASICS OF WEB DESIGNING:** How to design a website. Creating different themes for different layouts. How to design the look and feel of a website? How to create and design banners, advertisements, etc. Learning about the tools and techniques of web design covers using software applications.
- **WEB TECHNOLOGY:** How does a website work? Web standards and W3C elements, Domains and Hosting. Clients and Server Scripting Languages. Responsive Web Designing.
- **HTML:** To understand how HTML elaborates the general structure of a web page design as well as tags and the concept of HTML files. After which designing a web page will be taught along with hyperlinking and the tools that you can use in a web page design process. The recent version of HTML is HTML 5 on which you will get familiarized with the tools featured on it.
- **CSS:** It is the language used to comprehend a web page's overall presentation that consists of its layout, fonts as well as colors and themes. Another unique fact about CSS is that it doesn't require HTML and function independently. This separation assists CSS in adapting a webpage to different environments. The latest CSS3 is replete with amazing features that will be introduced to you in this course and you will also get to learn the tips and tricks of it.
- **JAVA SCRIPT:** It is a logic-based language in programming and interactive websites with cool tabs, sliders, calls to action and other dynamic features that are made with JavaScript.
- **BOOT STRAP:** it can be described as useful bits of code that are written in programming languages of HTML, CSS, and JavaScript. What it does is that it turns a website into a responsive one. Also, it is an open-source and free tool that ensures that you do not write too many CSS codes thus decreasing the load. As part of the web design course syllabus, you will get to learn this front-end development framework to furnish a better understanding of both web development as well as web design.
- **GRAPHIC DESIGNING:** To understand graphic designing to create cool graphics for a website. For grasping the concept of graphic design there are a number of software's.

36 Days Course Report

Overview:

The 36-day course on Web tech & Web design will introduce students to the realm of web design. The first and necessary step for that goal is to understand how HTML works, and then we will proceed to more advanced and complicated structures and concepts of web design, such as CSS and layout control. A series of tasks (website evaluation, website development, reflective report, collaborative website development, website self-assessment), as well as several group activities (discussions, online resource sharing, collaborative work) will help you gain practical experience on web development and a thorough understanding of web design issues.

Curriculum:

- **Week 1: Introduction to web designing**
 1. Basics of Web Designing
 2. Uses of multimedia
 3. Multimedia application

- **Week 2: Introduction to Web Technologies**
 1. Web technologies
 2. Web Design and Applications

- **Week 3: Introduction to Computer Graphics**
 1. Computer graphics
 2. Mathematical structure for computer science

- **Week 4: Introduction to HTML, CSS, JavaScript**
 1. Explanation of HTML
 2. Introduction to CSS
 3. Introduction to JavaScript

- **Week 5: Introduction to Bootstrap, Adobe Dreamweaver, Adobe Flash**
 1. Bootstrap
 2. Adobe Dreamweaver
 3. Adobe Flash

- **Week 6: Introduction to Graphic Designing**
 1. Create visual concepts
 2. Using computer software
 3. Communicate ideas

Board of Governing Body

NOTICE

All the members of the BOG are informed that a meeting will be held on 13-07-2020 in Seminar Hall. This meeting is all about the annual planning for the Academic year 2020-21.

Agenda

1. Discuss the outcomes of the previous year meeting.
2. Academic Regulation, admission policies for session 2020-21.
3. Budget for the academic year 2020-21.
4. Discuss the upgrade of teaching methods from offline to online classes.
5. Academic programmes to be organized in the college.
6. Scholarship allotment process for the upcoming session.
7. To present development policies for students, faculty members, alumni and their implementation according to the guidelines of the University Grant Commission policy-UOR Governing policies.
8. To brief the board about the status of Academics, Results and Placement in the previous years.
9. To brief the board about awards and honors received by the faculty members or students
10. Any other matter with permission of Chair.
11. To discuss sanctioned posts of faculty members for the current session.

Date: 13-07-2020

BOARD OF GOVERNING BODY Minutes of Meeting

The meeting of Board of Governors was held on 13-07-2020 in The points included in agenda have been discussed and recommendations of Board of Governors is attached herewith;

- Discussed the outcomes of the previous year meeting.
- The principal discussed the upgrade of teaching methods from offline to online classes due to the COVID-19 pandemic. This transition was necessary to ensure the continuity of education while adhering to social distancing measures and ensuring the safety of students and staff.
- The committee deliberated and formulated academic guidelines, entrance protocols, and the syllabus for an enrichment initiative. These exchanges and determinations aimed to establish explicit parameters and benchmarks for educational procedures, student admissions, and the substance of the enrichment program.
- The committee allocated the budget for the academic year 2020-21. The purpose of this discussion was to determine the financial resources available and to allocate them appropriately to support various academic activities, programs, and initiatives.
- The committee engaged in deliberations concerning academic reforms within the college. The goal of these discussions was to pinpoint areas for enhancement and execute modifications that would elevate the caliber of education and academic procedures.
- The committee deliberated on the allocation of scholarships for the upcoming session. The purpose of these discussions was to review the scholarship program, assess the eligibility criteria, and distribute funds to deserving students.
- The committee deliberated on the necessity for heightened security measures in the college. The objective of these discussions was to tackle concerns regarding campus safety, strengthen security protocols, and safeguard the well-being of students, faculty, and staff.
- Planned about development policies for students, faculties employee, alumni and their implementation according to the guidelines of the University Grant Commission policy-UOR Governing policies.
- The committee engaged in discussions concerning the Governor's Report on the institution's progress, achievements, and strategic plan. The Governor's Report provides a holistic overview of the institution's performance, highlights noteworthy accomplishments, and outlines the strategic roadmap for future endeavors.
- The committee reviewed the recommendations presented by a selection committee established for a specific purpose. The selection committee may have been responsible for assessing and shortlisting candidates for various processes, such as job positions, scholarships, awards, or any other pertinent selection criteria.

E-mail : st.wilfreds@gmail.com • Website : www.stwilfreds.com

- The committee participated in discussions with the board regarding the alumni initiatives of the institution. The committee members exchanged information, updates, and future plans regarding the active involvement and engagement of the alumni community.
- The committee held discussions with the board regarding the state of academics, examination results, and placements within the institution. The committee members presented reports, data, and updates on these significant aspects to offer an overview of the present situation and progress.
- The committee held deliberations with the board regarding the financial standing of the institution. The committee members presented reports, financial statements, and updates on the institution's finances to offer an overview of the present financial situation.
- The committee actively engaged in discussions and strategic planning regarding faculty and staff positions within the institution. Committee members evaluated the current structure of the faculty and staff, analyzed the allocation of workload, and considered the institution's future needs and requirements.
- The committee actively engaged in discussions concerning the recognition and honors bestowed upon the institution. Committee members shared information about the prestigious awards, accolades, and commendations received by the institution across various domains.
- The committee deliberated on the advancement of St. Wilfred's PG College. They conducted a comprehensive review and assessment of multiple facets encompassing the college's growth, development, and overall performance.
- Other matters with the permission of Chair.

Online Value Added Course of Career Counseling
(01st Sep. 2020 till 16th Oct. 2020)

Learning Objectives

Some general learning objectives that such a course might aim to achieve:

1. **Setting Career Goals:** Students will learn how to set SMART (Specific, Measurable, Achievable, Realistic & Trainable) goals to achieve their career objectives, and steps required to reach their goals.
2. **Building Job Search Skills:** Students will learn how to use relevant keywords for profile matching and prepare suitable cover letter, and how to effectively apply for jobs online.
3. **Interview Preparation:** Students will learn how to build a strong resume, prepare for job interviews, including how to do research about the company and the position and its responsibilities, how to answer common interview questions, and how to make a good impression.
4. **Professional Networking:** Students will learn how to build a professional network and how to use networking to find job opportunities and advance their career.

Course Outcome

1. **Understand Career Counselling:** To provide the student an understanding of Career Counselling.
2. **Improved Aptitude Skills:** The course may help students develop and improve their skills in areas such as quantitative aptitude, logical reasoning, verbal ability, and data interpretation.
3. **Career Guidance and Planning:** Students may gain a better understanding of their strengths, interests, values and skill sets, and how these can be applied to different career paths. They may also learn about various industries, job roles, and the skills and qualifications required succeeding in them.
4. **Professional Skills Development:** The course may help students develop skills such as

Kapila

communication skills, body language, teamwork, leadership, time management, and critical thinking & problem-solving, which are valuable in any career.

5. **Networking Opportunities:** The course may provide students with opportunities to connect with professionals in various fields, which can help them build their professional network and gain valuable insights and advice.

Career Prospects

Some of the career prospects in Career Guidance that students can explore after completing a certification course are:

1. **Career Counselor:** Career counselors help individuals make well informed decisions about their careers by providing them with guidance, resources, and information about different career paths across all industries. They work with people of all ages and backgrounds, from fresher's to home makers to experienced professionals who are either willing to kick start their career or considering a career change.
2. **Human Resources Specialist:** Human resources specialists are responsible for recruiting, screening, and hiring employees for organizations. They may also be involved in training and development, compensation and benefits, grievance handling and managing employee relations.
3. **Education Counselor:** Education counselors work with students of all ages to help them develop academic and career goals. They may provide guidance on choosing a college major, applying for college or graduate school, and developing study skills.
4. **Life Coach:** Life coaches work with individuals to help them achieve personal and professional goals. They may focus on areas such as career development, relationship building, personal growth and self-actualization.
5. **Business Consultant:** Business consultants work with organizations to help them improve their business image, manage operations, increase profitability, and develop new strategies. They may provide guidance on marketing, finance, and human resources.
6. **Entrepreneur:** Individuals who take a career guidance course may also be interested in starting their own business. The skills and knowledge gained from a career guidance course can be useful in developing a business plan, identifying areas of operations and funding sources, and marketing products or services.

(Affiliated to the University of Rajasthan)

45 Days Course Report

Overview:

The 45-day course on a career guidance course can provide individuals with the skills and knowledge needed to counsel and guide students, professionals and businesses to pursue a variety of courses, career paths, choosing right institutions and developing strategies for image building & managing operations effectively. The course can be particularly helpful for those who are considering an institute selection, career change, starting their own business, or looking for guidance on how to achieve their personal and professional goals.

Curriculum:

Week 1: Aptitude Tests and Assessments

- Introduction to Aptitude Tests and various types of Assessments
- Data Interpretation Skills and Practice Tests
- Verbal Reasoning Skills and Practice Tests
- Logical Reasoning Skills and Practice Tests
- Quantitative Skills and Practice Tests
- General Awareness

Week 2: Communication and Interpersonal Skills

- Importance of Effective Communication
- Verbal and Non-Verbal Communication Skills
- Listening and Feedback Skills
- Emotional Intelligence and Interpersonal Skills
- Conflict Resolution & Grievance Handling Skills

Week 3: Time Management and Goal Setting

- Importance of Time Management
- Identifying Time Wasters and Prioritization
- Planning and Scheduling Techniques
- SMART Goals and Action Planning
- Overcoming Procrastination

Week 4: Leadership and Teamwork

- Understanding Leadership Styles

Fareeda

Principal
(Dr. FAREEDA HASANI)
St. Wilfred's P.G. College
Jaipur

ST. WILFRED'S P.G. COLLEGE

(Affiliated to the University of Rajasthan)

- Developing Leadership Skills
- Building Effective Teams
- Outlining Team Roles and Dynamics
- Managing Conflicts in Teams

Week 5: Resume Writing and Interview Skills

- Cover Letter Writing
- Crafting a Winning Resume
- Interview Preparation and Techniques
- Handling Interview Questions
- Follow-up Strategies

Week 6: Industry Insights and Career Pathways

- Overview of Different Industries and Sectors
- Emerging Career Trends and Opportunities
- Industry-Specific Skills and Qualifications
- Career Pathways and Job Search Strategies
- Entrepreneurship and Self-Employment Opportunities

Methodology:

The course was conducted with a combination of live lectures, pre-recorded videos, and interactive assignments in offline mode. Students were required to complete weekly assignments and a final examination in an offline mode.

Outcome:

The course helps students to identify their strengths and weaknesses and identify the potential opportunities & understand the threats (if any) and to improve their aptitude skills. It helps them perform better in examinations and other assessments.

The course provides students with guidance on various career options available to them based on their skills, interests, and aptitude. It helps them make informed decisions about their future career path. The course also focuses on developing soft skills such as communication, time management, and teamwork, which are essential for success in any career.

Conclusion:

The 45-day course on Career Guidance provided students with:

- 1. Improved Job Readiness:** By developing a range of soft skills and practical career-related knowledge, students can improve their chances of being hired for their desired jobs.
- 2. Increased Confidence:** Engaging in career-enhancing courses and developing effective communication skills with right preparation of interviews can help students gain confidence in their abilities and feel more prepared to enter the workforce.
- 3. Expanded Career Options:** With a better understanding of their skills and interests, students/professionals may be able to explore new career paths and expand their options beyond their current major or field of study.
- 4. Enhanced Employability:** By acquiring a diverse set of skills and abilities, students may become more attractive to potential employers, making them more likely to secure job offers and advance in their careers.

BOARD OF GOVERNING BODY

Minutes of Meeting

The meeting of Board of Governors was held on 15-07-2019 in The points included in agenda have been discussed and recommendations of Board of Governors is attached herewith;

- Discussed the outcomes of the previous year meeting.
- The committee discussed and devised academic regulations, admission policies, and the curriculum for an enrichment program. These discussions and decisions aimed to establish clear guidelines and standards for academic processes, student admissions, and the content of the enrichment program.
- The committee allocated the budget for the academic year 2019-20. The purpose of this discussion was to determine the financial resources available and to allocate them appropriately to support various academic activities, programs, and initiatives.
- The committee held discussions on academic reforms within the college. The objective of these discussions was to identify areas for improvement and implement changes to enhance the quality of education and academic processes.
- The committee deliberated on the allocation of scholarships for the upcoming session. The purpose of these discussions was to review the scholarship program, assess the eligibility criteria, and distribute funds to deserving students.
- The committee engaged in thoughtful discussions concerning notable college events that have transpired in the past, as well as future events in the pipeline. The primary goal of these discussions was to evaluate the achievements of past events, identify areas for improvement, and devise strategies for upcoming events to enrich the college experience for students and encourage community participation.
- The committee discussed the need for advanced security measures in the college. The purpose of these discussions was to address concerns related to campus safety, enhance security protocols, and ensure the well-being of students, faculty, and staff.
- Planned about development policies for students, faculties employee, alumni and their implementation according to the guidelines of the University Grant Commission policy-UOR Governing policies
- The committee deliberated on the Governor's Report regarding the institution's progress, achievements, and strategic plan. The Governor's Report offers a comprehensive overview of the institution's performance, emphasizes notable accomplishments, and delineates the strategic roadmap for the future.
- The committee reviewed the recommendations presented by a selection committee established for a specific purpose. The selection committee may have been responsible for assessing and shortlisting candidates for various processes, such as job positions, scholarships, awards, or any other pertinent selection criteria.

Syllabus: Certificate Program in Business Analytics

Unit-1

Introduction to Business Analytics:

- Overview of business analytics and its applications
- Importance of data-driven decision-making in organizations

Unit-2

Data Management and Manipulation

- Data collection methods and sources
- Data cleaning, integration, and transformation
- Data exploration and descriptive statistics

Unit-3

Statistical Analysis for Business Analytics:

- Probability theory and distributions
- Hypothesis testing and statistical inference
- Regression analysis and correlation

Unit-4

Predictive Analytics and Data Mining

- Regression analysis and forecasting techniques
- Classification and clustering methods
- Introduction to data mining algorithms and techniques

Unit-5

Data Analytics with Python/R

- Introduction to programming languages for data analytics (Python/R)
- Data manipulation and transformation using Python/R
- Statistical analysis and predictive modelling with Python/R

Unit-6

Machine Learning for Business Analytics

- Supervised and unsupervised learning algorithms
- Decision trees, random forests, and ensemble methods
- Evaluation and validation of machine learning models

Value Added Course: Certificate Program in

Business Analytics

COURSE OUTCOMES:

- Participants will learn how to leverage data to make informed decisions. They will gain the skills to collect, organize, analyze, and interpret data, enabling them to make strategic choices that drive business growth and efficiency.
- Business Analytics involves identifying problems, formulating hypotheses, and testing solutions using data. Completing a certificate program in this field will enhance participants' problem-solving abilities by teaching them how to use data and analytical tools to address complex business challenges effectively.
- The program focuses on teaching participant's various analytical techniques and tools, such as statistical analysis, data mining, and predictive modeling. By mastering these skills, participants can extract valuable insights from large datasets, uncover patterns and trends, and make data-driven recommendations.
- Business Analytics enables organizations to optimize their operations by identifying inefficiencies and areas for improvement. Participants will acquire the skills to analyze business processes, identify bottlenecks, and propose data-backed solutions that enhance efficiency and productivity.

36 Days Course Report

Overview:

The 36-day course on Business Analytics was designed to provide students with the knowledge and skills necessary to analyse data and make informed business decisions. The course covered a range of topics, including Introduction to Business Analytics, Machine Learning Fundamentals and Deep Learning and Neural Networks etc.

Curriculum:

- **Week 1: Introduction to Business Analytics**
 - Overview of business analytics and its applications
 - Importance of data-driven decision-making in organizations

- **Week 2: Data Management and Manipulation**
 - Data collection methods and sources
 - Data cleaning, integration, and transformation
 - Data exploration and descriptive statistics

- **Week 3: Statistical Analysis for Business Analytics**
 - Probability theory and distributions
 - Hypothesis testing and statistical inference
 - Regression analysis and correlation

- **Week 4: Predictive Analytics and Data Mining**
 - Regression analysis and forecasting techniques
 - Classification and clustering methods
 - Introduction to data mining algorithms and techniques

- **Week 5: Data Analytics with Python/R**
 - Introduction to programming languages for data analytics (Python/R)
 - Data manipulation and transformation using Python/R
 - Statistical analysis and predictive modelling with Python/R

- **Week 6: Machine Learning for Business Analytics**
 - Supervised and unsupervised learning algorithms
 - Decision trees, random forests, and ensemble methods

BOARD OF GOVERNING BODY Minutes of Meeting

The meeting of Board of Governors was held on 13-07-2018 in The points included in agenda have been discussed and recommendations of Board of Governors is attached herewith;

- Discussed the outcomes of the previous year meeting.
- The committee discussed and designed academic regulations, admission policies, and the syllabus for a value-added course. These discussions and decisions aimed to establish clear guidelines and standards for academic processes, student admissions, and the curriculum of the value-added course.
- The committee allocated the budget for the academic year 2018-19. The purpose of this discussion was to determine the financial resources available and to allocate them appropriately to support various academic activities, programs, and initiatives.
- The committee engaged in discussions regarding academic reforms in the college. The purpose of these discussions was to identify areas for improvement and make changes to enhance the quality of education and academic processes.
- The committee discussed the scholarship allotment for the new session. The purpose of these discussions was to review the scholarship program, evaluate the eligibility criteria, and allocate funds to deserving students.
- The committee discussed important events that were conducted by the college in the past as well as events planned for the future. The purpose of these discussions was to review the success of previous events, identify areas for improvement, and plan upcoming events to enrich the college experience for students and engage the wider community.
- The committee discussed the need for advanced security measures in the college. The purpose of these discussions was to address concerns related to campus safety, enhance security protocols, and ensure the well-being of students, faculty, and staff.
- Planned about development policies for students, faculties employee, alumni and their implementation according to the guidelines of the University Grant Commission policy-UOR Governing policies
- The committee discussed the Governor's Report on the progress, achievements, and strategic plan of the institution. The Governor's Report provides an overview of the institution's performance, highlights significant accomplishments, and outlines the strategic direction for the future.
- The committee considered the recommendations put forth by a selection committee that was constituted for a specific purpose. The selection committee could have been responsible for evaluating and shortlisting candidates for a job position, scholarship, award, or any other relevant selection process.

Report of "Stenography (Hindi & English) Course"

In Stenography (Hindi & English) Course 182 students participated. They have learned so many things through this Course as:

- After completing this course, the student will be able to Stenography, a technique of writing in shorthand, which involves using symbols, abbreviations, and special characters to represent words and phrases. It is a useful skill for those who need to transcribe speeches, meetings, court proceedings, and other live events.
- They also learn in Hindi, stenography is known as "आशुलेखन" (Aashulekhan) or "शशरलेखन" (Shigraklehan), while in English, it is simply called "stenography". Hindi and English stenography have their own unique set of symbols and abbreviations, although many are similar.
- After completing this unit, students will learn that Stenography can be a valuable skill for journalists, court reporters, and other professionals who need to quickly and accurately transcribe spoken language. It requires a significant amount of practice and training to master, but can greatly increase efficiency and productivity in certain professions.

36 Days Course Report

Overview:

The 36-day course on Soft Skills and Career Enhancement was designed to cause an enhanced awareness about the significance of soft skills in professional and inter-personal communications and facilitate an all-round development of personality. Hard or technical skills help securing a basic position in one's life and career. But only soft skills can ensure a person retain it, climb further, reach a pinnacle, achieve excellence, and derive fulfilment and supreme joy. Soft skills comprise pleasant and appealing personality traits as self-confidence, positive attitude, emotional intelligence, social grace, flexibility, friendliness and effective communication skills. The focus of this course is on interpersonal and management skills.

Curriculum:

➤ Week 1: Introduction to Soft Skills

1. Introduction to Soft Skills
2. Communication Skills
3. Presentation Skills
4. Time Management Skills
5. Body Language & Etiquettes

➤ Week 2: Group discussion and Interview skills

1. Group Discussion & Interview Skills
2. Emotional Intelligence Skills
3. Presentation on Soft Skills
4. Activities related to Soft Skills

➤ Week 3: Basic introduction of computer and preparation of CV

1. Introduction to Computer
2. Windows, Basic Concepts
3. Application in Organization
4. Issues & Challenges

➤ Week 4: MS Word

1. Starting MS Word
2. Working with symbols and pictures
3. Working with tables
4. working with headers, footers and other controls

➤ Week 5: MS Excel

1. Working with shortcuts
2. Starting MS Excel
3. working with Graphics
4. Formatting a worksheet
5. Working with Charts and other controls

➤ Week 6: MS PowerPoint

1. Starting MS Power point
2. Working with textboxes and slides
3. Features of Power Point
4. Sharing a presentation
