Activity Report	
Name of Activity	Webinar
Title	Webinar on Research Informatics-A module of Research Methodology
Date	25/07/2020
Venue	St. Wilfred's P.G.College
Organized by	Internal Quality Assurance Cell (IQAC)
Faculty Coordinator	Dr.Nupur Jain
Resource Person	Prof. K.K sharma
Enrolled Student	88
Event Summary	<p>Introduction:</p> <p>The webinar on Research Informatics, as a module of Research Methodology, brought together researchers, academics, and students to explore the integration of informatics in the research process. The event aimed to enhance participants' understanding of leveraging technology and data management tools to improve research efficiency and outcomes.</p> <p>Key Discussions:</p> <p>Overview of Research Informatics:</p> <p>The webinar commenced with an introduction to Research Informatics, emphasizing its role in data collection, organization, and analysis. Participants learned how informatics can streamline research workflows and optimize data-driven decision-making.</p> <p>Data Management and Analysis:</p> <p>One of the key focuses was on effective data management and analysis using informatics tools. Presenters showcased various software and techniques for handling and interpreting research data efficiently.</p> <p>Technology in Literature Review:</p> <p>The event highlighted the significance of informatics in conducting comprehensive literature reviews. Attendees explored various databases, search engines, and citation management tools to improve the research review process.</p> <p>Text Mining and Natural Language Processing (NLP):</p> <p>Participants gained insights into text mining and NLP techniques,</p>

enabling them to extract valuable information and patterns from unstructured textual data. This technology proved to be beneficial in qualitative research and content analysis.

Ethical Considerations:

The webinar addressed ethical concerns related to research informatics, such as data privacy, confidentiality, and informed consent. Attendees were reminded of the importance of adhering to ethical guidelines while using informatics tools.

Role of Data Visualization:

The role of data visualization in research was discussed, showcasing how infographics, charts, and graphs help present complex information in a visually appealing and understandable manner.

Future Trends and Challenges:

The event concluded with an exploration of future trends and challenges in research informatics. Participants discussed potential advancements in informatics technologies and acknowledged the need for continuous learning and adaptation to stay abreast of these developments.

Conclusion:

The Webinar on Research Informatics provided valuable insights into the application of informatics in the realm of research methodology. Attendees learned how technology-driven approaches can optimize data management, analysis, and presentation, leading to more robust research outcomes.

By embracing research informatics as an integral part of their research methodology, participants can enhance their research efficiency, make evidence-based decisions, and contribute to the advancement of knowledge in their respective fields.

The event concluded with the encouragement for researchers to explore and implement informatics tools and techniques, fostering a culture of innovation and excellence in research practices. Overall, the webinar proved to be a valuable resource for researchers, academics, and students interested in harnessing the power of informatics for their research endeavors.

Activity Report	
Name of Activity	Workshop
Title	Two day National Level Workshop on Research Methodology & Data Analysis using SPSS and AMOS(Virtual Mode)
Date	10/08/2020
Venue	St. Wilfred's P.G.College
Organized by	Internal Quality Assurance Cell (IQAC)
Faculty Coordinator	Dr.Monika Sharma
Resource Person	Prof.K.K twari
Enrolled Student	66
Event Summary	<p>Introduction:</p> <p>The two-day National Level Workshop on Research Methodology & Data Analysis using SPSS and AMOS was conducted in a virtual mode, bringing together researchers, academicians, and students from across the country. The workshop aimed to enhance participants' understanding of research methodologies, data analysis techniques using SPSS and AMOS software, and their practical applications in various fields.</p> <p>Day 1: Research Methodology</p> <p>Overview of Research Methodology: The workshop began with an introduction to research methodology, emphasizing the importance of a systematic approach in conducting research. Participants were introduced to various research designs, data collection methods, and sampling techniques.</p> <p>Formulating Research Questions:</p> <p>The process of formulating research questions was discussed, focusing on the significance of clear, specific, and measurable research objectives. Attendees engaged in interactive exercises to develop relevant research questions for their own studies.</p> <p>Data Collection and Tools:</p> <p>Different data collection methods, including surveys, interviews, and experiments, were explored. The workshop also introduced participants to online data collection tools and their advantages in the virtual research environment.</p>

Research Ethics:

The importance of research ethics and responsible conduct in research was emphasized. Participants discussed ethical considerations related to data collection, analysis, and reporting.

Day 2: Data Analysis using SPSS and AMOS

Introduction to SPSS:

The second day of the workshop focused on the practical aspect of data analysis using SPSS (Statistical Package for the Social Sciences). Participants learned to input data, perform basic statistical tests, and generate descriptive statistics.

Advanced Data Analysis in SPSS:

The workshop progressed to advanced data analysis techniques, including inferential statistics such as t-tests, ANOVA, and regression analysis. Participants were guided on interpreting the results and drawing meaningful conclusions.

Introduction to AMOS:

The workshop also covered the basics of AMOS (Analysis of Moment Structures), a powerful tool for structural equation modeling (SEM). Attendees learned how to build and evaluate complex models to test relationships between variables.

Practical Applications and Case Studies:

Several real-life case studies were presented, allowing participants to apply SPSS and AMOS in different research scenarios. This hands-on experience helped them gain confidence in using these tools for their own research projects.

Conclusion:

The two-day National Level Workshop on Research Methodology & Data Analysis using SPSS and AMOS in a virtual mode proved to be a highly informative and interactive event. Participants acquired essential skills in research design, data analysis, and interpretation, enabling them to conduct high-quality research in their respective domains.

ST. WILFRED'S P.G. COLLEGE

(Affiliated to the University of Rajasthan)

The practical demonstrations using SPSS and AMOS offered valuable insights into data analysis, making the workshop particularly beneficial for researchers and students seeking to incorporate quantitative methods in their studies.

The workshop's success can be attributed to the expert facilitators, engaging sessions, and the active participation of attendees. It concluded with the encouragement for participants to apply the knowledge gained to their research projects, contributing to the advancement of research practices and data analysis methodologies.

Research Ethics and Data Integrity:

The workshop addressed the ethical considerations in research, including informed consent, confidentiality, and data integrity. Attendees were reminded of the importance of upholding ethical standards throughout the research process.

Data Analysis and Publication

Data Analysis Techniques:

The second day focused on data analysis techniques using various software tools. Participants learned about descriptive statistics, inferential statistics, and advanced data analysis methods relevant to their research domains.

Software Applications:

Practical sessions were conducted using popular data analysis software like SPSS, R, or Python. Participants gained hands-on experience in conducting data analysis and interpreting results effectively.

Publication Process:

The workshop covered the essential steps in the publication process, including manuscript preparation, journal selection, peer review, and responding to reviewer comments. Attendees were guided on improving the chances of successful publication.

Effective Communication and Presentation:

The workshop emphasized the significance of effective communication and presentation skills in disseminating research findings. Participants learned strategies for preparing impactful presentations and research papers.

Conclusion:

The Workshop on Research Methodology, Data Analysis, and Publication in a virtual mode proved to be an enriching experience for all participants. It provided a comprehensive understanding of research methodologies, data analysis techniques, and the intricacies of the publication process.

By the end of the workshop, participants gained confidence in designing and conducting their research projects, selecting appropriate data analysis methods, and presenting their findings effectively. The practical sessions using data analysis software enhanced their analytical skills, making them better-equipped researchers.

The success of the workshop can be attributed to the experienced facilitators, interactive sessions, and active engagement of participants. The event concluded with the encouragement for participants to apply the knowledge and skills acquired to their research endeavors, contributing to the advancement of knowledge in their respective fields.

Overall, the workshop served as a valuable platform for knowledge exchange, fostering a culture of research excellence, and empowering researchers to make meaningful contributions to their disciplines through robust research methodologies, data analysis, and publication practices.

Research Design and Methodology:

Different research designs and methodologies were discussed, helping participants choose the most appropriate approach for their specific research objectives. The workshop highlighted the importance of selecting suitable data collection methods and analysis techniques.

Ethical Considerations:

Ethical considerations in research proposal development were addressed, including the need for informed consent, confidentiality, and data privacy. Participants were reminded of the ethical responsibilities in conducting research involving human subjects or sensitive data.

Budgeting and Resources:

The workshop touched upon the practical aspects of budgeting for research projects and allocating resources effectively. Participants learned how to present a realistic budget that aligns with the proposed research activities.

Proposal Writing and Presentation:

Participants received guidance on effective proposal writing techniques, ensuring clarity, coherence, and proper structuring. The workshop also covered strategies for delivering persuasive proposal presentations.

Conclusion:

The Workshop on Research Proposal proved to be a highly informative and interactive event. Participants acquired essential skills in formulating research questions, conducting literature reviews, designing research methodologies, and addressing ethical considerations.

By the end of the workshop, attendees gained confidence in developing well-structured research proposals that are compelling to funding agencies, universities, or research institutions. The practical exercises and expert guidance provided participants with the tools and knowledge necessary to craft impactful research proposals.

depth insights.

Quantitative Research Methodologies:

Quantitative research methodologies, including surveys, experiments, and content analysis, were explored. The webinar emphasized the importance of using statistical techniques to analyze numerical data and draw meaningful conclusions.

Mixed Methods Research:

The webinar also introduced participants to mixed methods research, which involves the integration of qualitative and quantitative approaches. Attendees learned how this approach can provide a comprehensive understanding of research problems.

Selecting the Right Methodology:

Guidance on selecting the most appropriate research methodology for specific research questions was provided. Participants gained insights into the factors influencing the choice of methodology, such as research objectives, data availability, and practical constraints.

Ethical Considerations in Research Design:

The webinar addressed ethical considerations in research design, including informed consent, confidentiality, and data privacy. Participants were reminded of the importance of conducting research ethically and responsibly.

Conclusion:

The Webinar on Research Design and Methodologies proved to be a highly informative and enlightening event. Participants gained a deeper understanding of various research designs and methodologies, empowering them to make informed choices for their research projects.

By the end of the webinar, attendees were equipped with the knowledge and skills necessary to develop robust research designs and select appropriate methodologies to answer their research questions effectively.

Internal Quality Assurance Cell (IQAC)	
Activity Report	
Name of Activity	National Webinar on Bio-Diversity
Title	National Webinar on Bio-Diversity
Date	7/10/2020
Venue	St. Wilfred's P.G. College
Organized by	Internal Quality Assurance Cell (IQAC)
Faculty Coordinator	Dr. Rajni Vyas
Resource Person	Prof. N. K. Gupta
Enrolled Student	55
Event Summary	<p>Introduction:</p> <p>The National Webinar on Biodiversity was a significant event that brought together experts, researchers, policymakers, and enthusiasts from across the country to discuss and deliberate on various aspects of biodiversity conservation and management. The webinar aimed to create awareness, share knowledge, and explore solutions to the pressing challenges faced by India's rich and diverse ecosystems.</p> <p>Key Themes and Discussions:</p> <p>Biodiversity Hotspots:</p> <p>The webinar commenced with an overview of India's biodiversity hotspots and their importance in conserving unique flora and fauna. Participants discussed the need for targeted conservation efforts in these regions and the role of local communities in protecting these critical habitats.</p> <p>Threats to Biodiversity:</p> <p>A comprehensive discussion on the major threats to biodiversity in India was held, including habitat loss, climate change, pollution, and overexploitation of resources. Experts emphasized the urgency of addressing these threats through collaborative efforts between government agencies, NGOs, and the private sector.</p> <p>Wildlife Conservation:</p> <p>Several sessions were dedicated to wildlife conservation, focusing on flagship species and their conservation status. The participants exchanged ideas on adopting modern technologies like camera traps and satellite tracking to monitor and protect endangered wildlife.</p>

Sustainable Development:

The webinar highlighted the importance of integrating biodiversity conservation with sustainable development goals. The role of eco-friendly practices in agriculture, forestry, and urban planning was discussed as a means to ensure the preservation of biodiversity.

Role of Indigenous Communities:

Recognizing the traditional knowledge and practices of indigenous communities, the webinar underscored the importance of empowering these communities in biodiversity conservation efforts. Participants discussed the need for participatory approaches that involve local people in decision-making processes.

Biodiversity and Human Health:

The connection between biodiversity and human health was explored, emphasizing the role of diverse ecosystems in providing essential resources and ecosystem services. The impact of biodiversity loss on public health was also discussed.

Policy and Legal Framework:

A session focused on the existing policy and legal framework for biodiversity conservation in India. The participants deliberated on the effectiveness of current regulations and suggested potential improvements and new strategies.

Conclusion:

The National Webinar on Biodiversity concluded with a strong consensus on the importance of collective action to protect India's biodiversity. The event served as a platform for knowledge exchange, fostering collaboration between stakeholders, and encouraging innovative approaches to safeguard the country's natural heritage.

Overall, the webinar re-emphasized the urgent need for heightened efforts in biodiversity conservation and underlined the critical role of each individual and institution in preserving the rich and diverse ecosystems of India for future generations.

free environment for individuals seeking help.

Stress Management in Challenging Environments:

Speakers shared insights on managing stress in challenging environments, such as the workplace, academic settings, and family dynamics. Practical tips and tools were provided to maintain mental well-being amidst external pressures.

Identifying Warning Signs and Seeking Help:

Participants learned about identifying warning signs of mental health challenges and the significance of seeking professional help when needed. The webinar highlighted the role of mental health professionals in providing support and treatment.

Nurturing Positive Mental Health:

The importance of nurturing positive mental health was a recurring theme throughout the webinar. Presenters emphasized self-care, emotional regulation, and building healthy habits to promote overall well-being.

Conclusion:

The National Webinar on 'Revisiting Our Mental Well-Being during Stress' served as an important platform for discussing mental health challenges and strategies to cope with stress in a supportive environment.

The event reinforced the significance of recognizing and addressing mental health concerns proactively. Participants gained valuable insights into the importance of self-awareness, resilience, and seeking help when needed.

The success of the webinar can be attributed to the expertise of the presenters, the relevance of the topics discussed, and the active engagement of participants. The event concluded with a call to action, urging participants to prioritize mental well-being, engage in open conversations about mental health, and promote a compassionate and understanding society.

Overall, the webinar contributed to raising awareness about mental

Activity Report	
Name of Activity	Workshop on Soft Skills for B.A. 1 Students (Online)
Title	Workshop on Soft Skills for B.A. 1 Students (Online)
Date	15/10/2020
Venue	St. Wilfred's P.G.College
Organized by	Internal Quality Assurance Cell (IQAC)
Faculty Coordinator	Mr.Sudhir Verma
Resource Person	Prof. S.L Gupta
Enrolled Student	45
Event Summary	<p>Introduction:</p> <p>The Workshop on Soft Skills for B.A. 1 Students was organized in an online format, aiming to equip first-year Bachelor of Arts (B.A.) students with essential soft skills to enhance their personal and professional development. The workshop focused on communication, teamwork, time management, and other skills crucial for success in academic and future career pursuits.</p> <p>Key Topics and Discussions:</p> <p>Importance of Soft Skills:</p> <p>The workshop began with an introduction to soft skills and their significance in today's competitive world. Participants learned how soft skills complement academic knowledge and contribute to overall success.</p> <p>Effective Communication:</p> <p>Several sessions were dedicated to effective communication skills, including verbal, written, and non-verbal communication. Participants engaged in interactive exercises to practice clear and concise communication.</p> <p>Teamwork and Collaboration:</p> <p>The workshop emphasized the importance of teamwork and collaboration. Students learned about effective team dynamics, conflict resolution, and the value of working together to achieve common goals.</p>

Time Management and Organization:

Time management techniques were discussed to help students balance their academic and personal commitments efficiently. Participants received tips on setting priorities, creating schedules, and meeting deadlines.

Problem-Solving and Critical Thinking:

Participants were introduced to problem-solving strategies and critical thinking skills. Practical exercises were conducted to stimulate analytical thinking and creative problem-solving approaches.

Emotional Intelligence and Self-Awareness:

The workshop touched upon emotional intelligence and self-awareness, helping students understand and manage their emotions effectively. Participants learned the importance of empathy and self-reflection.

Presentation Skills:

The workshop also covered presentation skills, including public speaking and using visual aids effectively. Participants had opportunities to practice their presentation abilities and receive constructive feedback.

Conclusion:

The Workshop on Soft Skills for B.A. 1 Students (Online) proved to be a highly valuable and engaging experience for all participants. By the end of the workshop, students gained a deeper understanding of soft skills and their significance in personal and professional growth.

The online format facilitated seamless participation and interactive sessions. The workshop's success can be attributed to the expertise of the facilitators, the relevant topics discussed, and the active engagement of the students.

The event concluded with the encouragement for students to apply the knowledge and skills acquired to their academic journey and future careers. By nurturing their soft skills,

Department of Computer Science	
Activity Report	
Name of Activity	Workshop for BCA Students (Online)
Title	Workshop(Website Development) for BCA Students (Online)
Date	2/11/2020
Venue	St. Wilfred's P.G.College
Organized by	Department of BCA
Faculty Coordinator	MS.Shipra Sharma
Resource Person	Prof.K.L Sharma
Enrolled Student	57
Event Summary	<p>Introduction:</p> <p>The Workshop on Website Development for BCA Students was conducted in an online format, catering to Bachelor of Computer Applications (BCA) students. The workshop aimed to provide hands-on training and practical knowledge in website development, empowering students with the skills needed in today's digital age.</p> <p>Key Topics and Discussions:</p> <p>Introduction to Website Development:</p> <p>The workshop commenced with an introduction to website development, explaining the basic concepts, languages, and technologies involved. Participants gained an overview of front-end and back-end development.</p> <p>HTML and CSS Basics:</p> <p>Several sessions focused on the fundamentals of HTML (Hypertext Markup Language) and CSS (Cascading Style Sheets). Students learned to create web pages, structure content, and apply styles for an aesthetically pleasing layout.</p> <p>Responsive Web Design:</p> <p>The importance of responsive web design was emphasized to ensure websites display optimally on various devices, including desktops, tablets, and mobile phones. Participants learned techniques for creating responsive and user-friendly interfaces.</p>

JavaScript and Interactivity:

The workshop introduced participants to JavaScript, a versatile programming language used to add interactivity and dynamic features to websites. Students engaged in interactive exercises to practice JavaScript concepts.

Introduction to Front-End Frameworks:

An overview of popular front-end frameworks, such as Bootstrap, was provided. Participants learned how these frameworks simplify website development and enhance design consistency.

Back-End Development Basics:

The workshop touched upon back-end development concepts, including server-side scripting languages and databases. Participants gained an understanding of how data is processed and managed on the server.

Deploying a Website:

The workshop concluded with a session on website deployment. Students learned about hosting options, domain registration, and the process of making a website live on the internet.

Conclusion:

The Workshop on Website Development for BCA Students (Online) proved to be highly beneficial and practical for all participants. By the end of the workshop, students gained hands-on experience in website development, enabling them to build functional and interactive web pages.

The online format allowed seamless participation, interactive sessions, and individual practice. The success of the workshop can be attributed to the expertise of the facilitators, the relevant topics covered, and the active engagement of the students.

The event concluded with the encouragement for students to further explore website development, refine their skills, and build a strong portfolio showcasing their projects. By mastering website development, BCA students are well-prepared to pursue

Department of Mass Communication	
Activity Report	
Name of Activity	Workshop for MJMC Students (Online)
Title	Workshop(Photography) for MJMC Students (Online)
Date	7/11/2020
Venue	St. Wilfred's P.G.College
Organized by	Department of Mass Communication
Faculty Coordinator	Mr.Ganesh Shankar
Resource Person	Prof.K.K Sharma
Enrolled Student	48
Event Summary	<p>Introduction:</p> <p>The Workshop on Photography for MJMC (Masters in Journalism and Mass Communication) Students was organized in an online format, providing participants with comprehensive training in photography techniques, composition, and storytelling. The workshop aimed to enhance the photography skills of aspiring media professionals, enabling them to effectively capture and convey visual narratives.</p> <p>Key Topics and Discussions:</p> <p>Introduction to Photography:</p> <p>The workshop began with an introduction to the art and science of photography. Participants learned about camera types, lenses, and basic camera settings necessary for capturing high-quality images.</p> <p>Understanding Composition:</p> <p>Several sessions focused on the principles of composition, including rule of thirds, leading lines, framing, and balance. Students gained insights into arranging visual elements to create compelling and aesthetically pleasing photographs.</p> <p>Lighting Techniques:</p> <p>The workshop covered essential lighting techniques, including natural light, artificial light, and flash photography. Participants learned to utilize light creatively to set the mood and emphasize subjects in their photographs.</p>

Portrait Photography:

A significant portion of the workshop was dedicated to portrait photography. Students learned about posing, directing subjects, and capturing emotions to convey powerful storytelling through portraits.

Landscape and Nature Photography:

The workshop delved into landscape and nature photography, providing tips for capturing breathtaking sceneries and wildlife. Participants explored techniques for capturing the beauty of nature in their images.

Photo Editing and Post-Processing:

Participants were introduced to photo editing software, such as Adobe Lightroom or Photoshop, to enhance and refine their images. The workshop covered basic editing techniques to optimize photographs for publication or display.

Visual Storytelling:

The importance of visual storytelling in photography was emphasized. Students learned to create cohesive and meaningful photo series that communicate narratives effectively.

Conclusion:

The Workshop on Photography for MJMC Students (Online) proved to be an enriching and practical experience for all participants. By the end of the workshop, students gained a deeper understanding of photography techniques, composition, and visual storytelling.

The online format facilitated seamless participation, interactive sessions, and individual practice. The success of the workshop can be attributed to the expertise of the facilitators, the relevant topics covered, and the active engagement of the students.

The event concluded with the encouragement for students to further hone their photography skills, explore diverse genres, and create a strong portfolio showcasing their visual storytelling

Synthesizing and Analyzing Literature:

The webinar explored techniques for synthesizing information from diverse sources and critically analyzing research studies. Participants gained insights into identifying patterns, conflicts, and trends in the literature.

Effective Research Writing:

The webinar shifted focus to research writing, highlighting key elements of a well-written research paper. Participants learned about crafting clear research questions, formulating hypotheses, and presenting results effectively.

Writing Style and Citation:

The webinar addressed the importance of maintaining a consistent writing style and adhering to proper citation formats (e.g., APA, MLA) in academic research writing. Participants learned how to avoid plagiarism and provide proper attribution to sources.

Revision and Peer Review:

The webinar concluded with guidance on the revision process and the value of peer review in refining research papers. Participants gained insights into incorporating feedback and improving the overall quality of their writing.

Conclusion:

The Webinar on Literature Review and Research Writing proved to be highly informative and beneficial for all participants. By the end of the webinar, attendees gained a deeper understanding of the literature review process and the art of effective research writing.

The success of the webinar can be attributed to the expertise of the presenters, the relevant topics covered, and the interactive nature of the sessions. Participants actively engaged in discussions and exercises, enhancing their skills in literature review and research writing.

The event concluded with the encouragement for participants to

The webinar emphasized the importance of formulating clear and researchable research questions. Participants learned how research questions guide the research process and influence the choice of research methodology.

Data Collection Methods:

Various data collection methods, such as surveys, interviews, observations, and archival research, were discussed. The webinar highlighted the strengths and limitations of each method and provided practical tips for data collection.

Data Analysis Techniques:

The webinar delved into data analysis techniques, covering both qualitative and quantitative analysis methods. Participants learned how to interpret data and draw meaningful conclusions from research findings.

Ethical Considerations in Research:

Ethical considerations in research were addressed, including the need for informed consent, confidentiality, and data protection. Attendees were reminded of the ethical responsibilities in conducting research involving human subjects.

Best Practices in Research Methodology:

The webinar concluded with a discussion on best practices in research methodology. Participants received practical advice on managing research projects, organizing data, and ensuring research rigor.

Conclusion:

The webinar on "Mastering Research Methodology: Key Strategies and Best Practices" proved to be highly beneficial for all participants. By the end of the webinar, attendees gained a deeper understanding of research methodologies, enabling them to conduct rigorous research and produce valuable contributions in their respective fields.

The success of the webinar can be attributed to the expertise of the presenters, the engaging discussions, and the interactive

sessions. Participants actively participated in Q&A sessions and shared their experiences, enriching the learning experience for everyone.

The event concluded with the encouragement for participants to apply the knowledge and best practices gained in their research endeavors. By mastering research methodology, participants are better equipped to address complex research questions, make informed decisions, and contribute to the advancement of knowledge in their disciplines.

Overall, the webinar contributed to empowering researchers, academicians, and students with effective research strategies and best practices, fostering a culture of research excellence, and inspiring impactful research across various domains.

Webinar

On Mastering Research Methodology: Key Strategies And Best Practices

23 December 2020

Organised By

St. Wilfred's PG College

This is to certify that

Prof./Dr./Mr./Ms.....

has participated in National Webinar on "Mastering Research Methodology: Key Strategies And Best Practices". In this Webinar She/He Presented Paper/Poster/Attended/Chaired a Technical Session

on.....

We wish him/her the best for future endeavour.

Dr. Keshav Badaya
Hon. Secretary

Dr. Fareeda Hasani
Convener

Overall Feedback of Students

S. No.	Particulars	High	Moderate	Poor
1	The content was good & effective	80 %	10 %	10%
2	The session was manageable	70 %	25 %	5%
3	The session was useful and practical	75 %	20 %	5%
4	The activity was well planned and systematic	80 %	10 %	10%
5	The teacher was very good at answering our questions	80 %	10 %	10%
6	The teacher encouraged us to ask questions	80 %	20 %

Activity Report	
Name of Activity	National Workshop on Spectroscopic Techniques and Applications
Title	Spectroscopic Techniques and Applications
Date	7/01/2021
Venue	St. Wilfred's P.G.College
Organized by	Department of Chemistry
Faculty Coordinator	Dr. Anpanman Sharma
Resource Person	Dr. Neeta Azad
Enrolled Students	86
Event Summary	<p>Introduction:</p> <p>The National Workshop on Spectroscopic Techniques and Applications aimed to provide participants with a comprehensive understanding of spectroscopic techniques and their diverse applications in various fields. The workshop brought together experts, researchers, and professionals in the field of spectroscopy to share knowledge, practical insights, and recent advancements in spectroscopic techniques.</p> <p>Key Objectives:</p> <p>To provide an overview of different spectroscopic techniques and their principles. To explore the applications of spectroscopy in various fields such as chemistry, materials science, environmental science, and life sciences. To discuss recent developments and advancements in spectroscopic instrumentation and data analysis techniques. To promote interactions and collaborations among participants for knowledge sharing and future research endeavors. To highlight the significance of spectroscopy in scientific research, industrial processes, and environmental monitoring.</p> <p>Highlights of the Workshop:</p> <p>Introduction to Spectroscopic Techniques:</p> <p>The workshop began with an introduction to spectroscopy and its fundamental principles. Participants gained insights into various spectroscopic techniques, including UV-Vis spectroscopy, infrared spectroscopy, Raman spectroscopy, nuclear magnetic resonance (NMR), and mass spectrometry. The basics of photon-matter interactions and data acquisition were also covered.</p> <p>Applications in Chemistry and Materials Science:</p>

Presenters discussed the applications of spectroscopy in chemistry and materials science. They highlighted its role in chemical analysis, identification of compounds, characterization of materials, and quality control. Participants learned about spectroscopic techniques used for structural analysis, molecular dynamics, and surface analysis of materials.

Environmental and Life Sciences Applications:

The workshop focused on the applications of spectroscopy in environmental science and life sciences. The speakers discussed its role in monitoring air and water quality, analyzing pollutants, and studying environmental processes. In the life sciences, spectroscopy finds applications in drug discovery, bioimaging, proteomics, genomics, and understanding biomolecular interactions.

Recent Developments and Advancements:

Presenters shared the latest developments and advancements in spectroscopic instrumentation and data analysis techniques. They discussed the use of advanced spectroscopic tools such as Fourier-transform infrared (FTIR) spectroscopy, laser-induced breakdown spectroscopy (LIBS), and time-resolved spectroscopy. Participants gained insights into emerging trends and future directions in spectroscopy.

Hands-on Training and Data Analysis:

The workshop included hands-on training sessions where participants had the opportunity to operate spectroscopic instruments and collect data. Practical demonstrations and tutorials on data analysis techniques, such as spectral interpretation, peak fitting, and chemometric analysis, were provided. The hands-on sessions allowed participants to gain practical experience and develop data analysis skills.

Networking and Collaborations:

The workshop facilitated networking and collaboration among participants. Interactive sessions, group discussions, and poster presentations provided opportunities for knowledge sharing, discussions, and fostering collaborations. Participants had the chance to connect with experts in the field, exchange ideas, and explore potential research collaborations.

Conclusion:

The National Workshop on Spectroscopic Techniques and Applications successfully achieved its objectives of providing participants with an overview of spectroscopic techniques, their applications, and recent advancements. The workshop not only enhanced participants' understanding of spectroscopy but also equipped them with practical skills through hands-on training and data analysis sessions. The networking opportunities fostered collaborations and created a platform for knowledge exchange. It is expected that the workshop's outcomes will contribute to advancements in spectroscopic research, promote its applications in various fields, and facilitate future collaborations among participants.

Activity Report	
Name of Activity	National Seminar on Voluntary Efforts for Saving the Earth & Environment
Title	Voluntary Efforts for Saving the Earth & Environment
Date	22/4/2021
Venue	St. Wilfred's P.G. College
Organized by	Department of Environmental Science
Faculty Coordinator	Dr. Prerna Sharma
Resource Person	Prof T.I. Khan
Event Summary	<p><u>Inaugural Session:</u> The seminar commenced with an inaugural session, featuring distinguished speakers and environmental experts who emphasized the urgent need for voluntary efforts to combat environmental degradation. They highlighted the role of individuals, communities, and organizations in creating a sustainable future.</p> <p><u>Panel Discussions:</u> Several panel discussions were held, covering a wide range of topics related to voluntary efforts in environmental conservation. These discussions provided a platform for experts to share their insights, experiences, and best practices. Key topics included:</p> <ol style="list-style-type: none">Sustainable agriculture and organic farmingConservation of biodiversity and ecosystemsWaste management and recycling initiativesRenewable energy and energy efficiencyAwareness campaigns and environmental education <p><u>Case Studies and Success Stories:</u> Participants shared inspiring case studies and success stories of voluntary efforts in various regions. These examples showcased innovative approaches and demonstrated the positive impact of individual and collective actions on the environment. From community-led tree planting campaigns to youth-led recycling initiatives, these success stories served as a source of inspiration for participants.</p> <p><u>Conclusion:</u> The National Seminar on Voluntary Efforts for Saving the Earth & Environment successfully achieved its objectives of raising awareness, sharing best practices, and fostering collaborations in the realm of environmental conservation. The seminar served as a catalyst for encouraging voluntary efforts across various sectors, empowering individuals and communities to actively contribute to a sustainable future. It is hoped that the knowledge and experiences shared during</p>

Overview of the Impact of COVID-19 on Education:

The seminar began with an overview of the global impact of the COVID-19 pandemic on the education sector. Presenters highlighted the widespread closure of schools and the subsequent shift to online learning as a response to the crisis. They discussed the challenges faced by students, educators, and institutions in adapting to online education and the importance of ensuring inclusivity and equitable access.

Challenges and Opportunities of Online Education:

A panel discussion focused on the challenges and opportunities of online education. The panelists discussed issues such as access to technology and internet connectivity, the digital divide, student engagement and motivation, teacher training and professional development, and the assessment of learning outcomes in the online environment. They also highlighted the opportunities for personalized learning, flexibility, and the integration of technology in education.

Best Practices and Innovative Approaches:

Participants shared best practices and innovative approaches in online education that have emerged during the pandemic. These included strategies for effective online teaching, use of digital resources and tools, interactive and collaborative learning methods, and virtual classroom management. Presenters also showcased successful case studies and initiatives implemented by educational institutions and organizations to ensure continuity in education during the crisis.

Future Possibilities of Online Education:

A session was dedicated to discussing the future possibilities and potential of online education beyond the pandemic. Participants explored the role of artificial intelligence, virtual reality, and augmented reality in enhancing online learning experiences. They also discussed the potential for blended learning models that combine online and in-person instruction and the importance of developing digital literacy skills for students and educators.

Policy and Infrastructure Considerations:

The seminar addressed the policy and infrastructure aspects of online education. Participants discussed the need for supportive government policies, funding, and investment in technology infrastructure to ensure access and quality in online education. They also emphasized the importance

ST. WILFRED'S P.G. COLLEGE

(Affiliated to the University of Rajasthan)

of data privacy and security, copyright and intellectual property rights, and regulatory frameworks for online learning platforms and content.

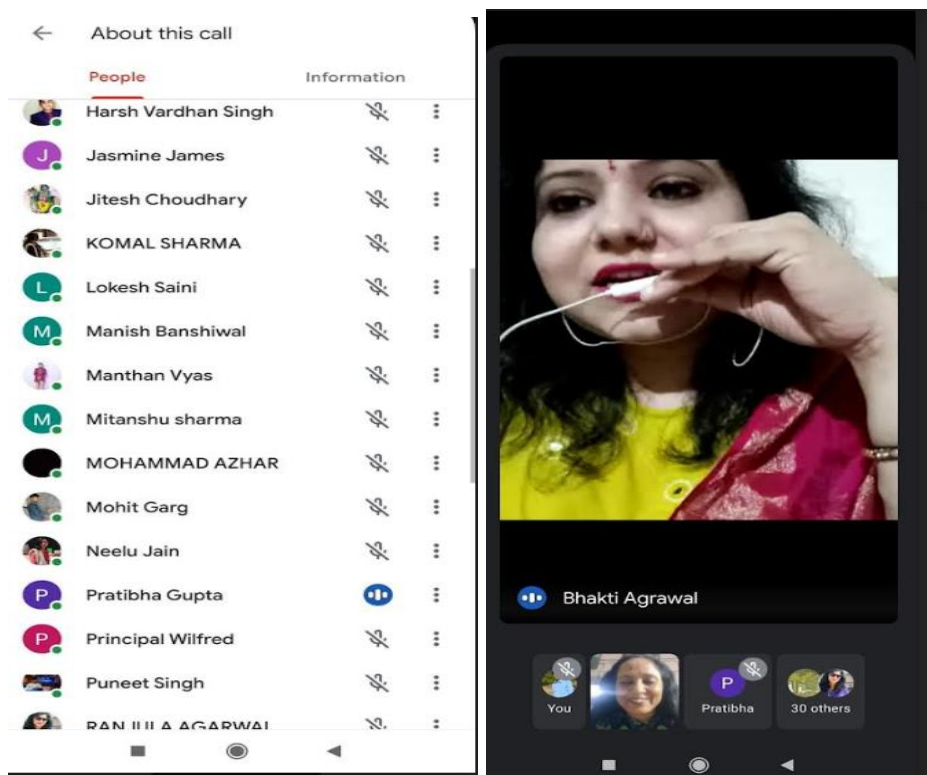

Collaboration and Networking:

The seminar provided opportunities for collaboration and networking among participants. Breakout sessions, networking breaks, and interactive activities allowed educators, policymakers, and stakeholders to connect, share experiences, and exchange ideas. Participants formed networks and partnerships to foster continued collaboration and knowledge sharing in the field of online education.

Conclusion:

The Seminar on Online Education during the Corona Pandemic provided a platform for stakeholders in the education sector to reflect on the challenges, opportunities, and future possibilities of online education. The discussions and insights shared during the seminar highlighted the importance of addressing issues related to access, equity, quality, and pedagogy in online education. The best practices and innovative approaches showcased during the seminar can serve as inspiration for further improvement and development of online education strategies.
