Activity Report	
Name of Activity	One-Day day Training program
Title	"Life Bed" safety workshop
Date	11 September 2018
Venue	EHCC Hospital, Jaipur
Organized by	Internal Quality Assurance Cell (IQAC) & NSS
Faculty Coordinator	Mr. Sudhir Verma
Resource Person	Dr.A.K.Goyal

Event Summary	<p>It's excellent to hear about the organization of a one-day training program in CPR (Cardio-Pulmonary Resuscitation) at Eternal Hospital for college students. CPR training is a valuable skill that can save lives in emergency situations. Additionally, the inclusion of training for the "Life Bed" safety program and recognition as Good Samaritans adds further importance to this initiative. Here's a breakdown of the key elements:</p> <p>CPR Training: CPR is a life-saving technique that involves chest compressions and rescue breaths. Training in CPR equips individuals with the skills needed to respond effectively in cases of cardiac arrest or other medical emergencies.</p> <p>Life Bed Safety Program: The "Life Bed" safety program likely focuses on safety measures within a hospital or healthcare setting. It's essential to ensure that both patients and healthcare professionals are aware of and adhere to safety protocols.</p> <p>Appreciation as Good Samaritans: Being recognized as Good Samaritans is a commendable acknowledgment of the students' willingness to help others in need. The term "Good Samaritan" refers to individuals who selflessly assist and provide aid to those in distress.</p> <p>Overall, this initiative not only provides valuable life-saving skills to the students but also promotes a culture of safety and responsibility in healthcare settings. If you have any specific questions or need further information about this training program or the "Life Bed" safety program, you can contact Eternal Hospital or the organizing institution for more details.</p>
