### Activity Report

Name of Activity	Guest Lecture on Mental Health
Title	Guest Lecture by Professor Vishawa Choudhary (University of Rajasthan) on Mental Health
Date	2/9/2019
Venue	Seminar Hall, St Wilfred's PG College
Organized by	IQAC & Department of Psychology
Faculty Coordinator	Ms. Ayushi Tyagi
Resource Person	Dr. Vishawa Choudhary
Enrolled Students	93
Event Summary	A guest lecture on Mental Health took place in college. It was discussed that Mental health is an important aspect of overall well-being that affects how we think, feel, and behave. It refers to our emotional, psychological, and social well-being and affects how we handle stress, relate to others, and make decisions. Good mental health is essential for leading a fulfilling and productive life, but unfortunately, mental health issues are prevalent in our society. It is estimated that one in four people worldwide will experience mental health problems at some point in their lives. There are various factors that can affect mental health, including genetics, environment, life experiences, and social and cultural factors. Mental health disorders can range from anxiety and depression to more severe conditions such as bipolar disorder and schizophrenia. It is important to recognize the signs and symptoms of mental health issues and seek help when needed.

Venue	Seminar Hall, St. Wilfred's PG College
Organized by	IQAC & Department of Computer Science
Faculty Coordinator	Ms. Shipra Sharma
Resource Person	Mr. Rohit Barotia
Enrolled Students	98
Event Summary	<p>A guest lecture by Eminent Educationist was conducted in St. Wilfred's PG college. It was discussed that The Internet of Things (IoT) refers to the network of interconnected physical devices, vehicles, buildings, and other objects embedded with sensors, software, and connectivity, enabling them to collect and exchange data. The goal of IoT is to enable seamless communication between these devices, allowing them to work together to enhance the overall efficiency and effectiveness of a system.</p> <p>IoT is revolutionizing various industries, including healthcare, transportation, agriculture, and manufacturing. For example, in healthcare, IoT devices such as wearable's and sensors can monitor a patient's vital signs remotely, enabling doctors to provide real-time diagnoses and treatment recommendations. In transportation, IoT-enabled sensors and devices can help improve road safety and reduce traffic congestion. In agriculture, IoT sensors can monitor soil conditions and weather patterns, enabling farmers to optimize crop yields and minimize waste.</p>

### Activity Report

Name of Activity	Industrial Visit for BCA Students "ARDEN Telecom, Jaipur"
Title	Industrial Visit
Date	28/9/2019
Venue	ARDEN Telecom, Jaipur
Organized by	Department of Computer Science
Faculty Coordinator	Ms. Shipra Sharma
Resource Person	Mr. Arun Singh
Enrolled Students	47
Event Summary	<p>An industrial visit was organized for BCA (Bachelor of Computer Applications) students to a prominent IT company in the city. The visit aimed to provide students with a practical understanding of how an IT company operates and how theoretical concepts learned in the classroom are applied in the real world. Upon arrival, the students were greeted by the company officials, who provided an overview of the company's history, mission, and vision. The students were then taken on a tour of the company, where they were able to witness firsthand the day-to-day operations and the different departments involved in running the company.</p> <p>The students had the opportunity to interact with the company's employees, who shared their experiences and provided insights into their respective roles and responsibilities. The students were able to learn about the latest technologies used by the company and the various software development processes involved in creating an application.</p>

### Activity Report

Name of Activity	Workshop for MJMC Students "Media Training"
Title	Media Training
Date	27/11/2019
Venue	St. Wilfred PG College
Organized by	Department of Mass Communication
Faculty Coordinator	Ms. Sushma Sharma
Resource Person	Mr. Amit Verma
Enrolled Students	24
Event Summary	Media Training is an essential skill for professionals who are required to engage with the media regularly. The training aims to prepare individuals to effectively communicate with the media, both in crisis situations and during routine interactions. The training program covers a wide range of topics, including understanding the media landscape, creating effective messages, handling difficult questions, and delivering powerful presentations. The training also provides participants with practical tips and techniques for communicating confidently and effectively with the media. The training is typically conducted by experienced media professionals who have a deep understanding of the media industry and the role of media in shaping public opinion. They provide participants with insights into the working of the media and share their experiences and best practices. During the training program, participants are given practical exercises to practice their communication skills and develop effective messaging strategies. They also learn how to handle difficult questions and create compelling sound bites that capture the attention of the media and the public.

Event Summary	<p>The Awareness Rally for Organ &amp; Eye Donation Campaign was an inspiring event that aimed to raise awareness about the importance of organ and eye donation. The rally was organized by a group of volunteers and was attended by students, healthcare professionals, and members of the public. The rally began with a briefing session where we were informed about the importance of organ and eye donation and how it can save lives. We were also introduced to the various myths and misconceptions surrounding organ and eye donation and how they can be dispelled through education and awareness. After the briefing session, we set off on the rally, carrying banners and placards with messages about organ and eye donation. The rally passed through various streets and neighborhoods, with participants raising slogans and distributing pamphlets and informational materials to members of the public.</p>

Event Summary	<p>Android Studio is an integrated development environment (IDE) used by developers to build and test Android apps. It provides a range of features and tools to help developers create high-quality Android apps with ease.</p> <p>The platform was easy to navigate, with a clear layout and intuitive design that made it easy to access and use the various features and tools. One of the key features of Android Studio was the ability to create virtual devices, which allowed the students to test my apps on a range of different devices without the need for physical hardware. This feature was particularly useful as it allowed them to simulate different screen sizes, resolutions, and other device specifications, ensuring that the app was compatible with a range of different devices.</p>
