IQAC ACTION TAKEN REPORT

Session: 2018-19

Plan of Action (2018-19)	Achievements
To organize parents Teacher Meeting	The inaugural Parent-Teacher interaction took place in November 2018 with the objective of establishing a forum for parents to directly engage and express their concerns to the faculty members. This interaction proved beneficial as it allowed faculty members to gain a deeper understanding of the students, while also providing valuable feedback to improve the teaching and learning experience within the college.
To define role of Career and Guidance cell	Recognizing the significance of Mental health and emotional well-being in students' lives, the Internal Quality Assurance Cell (IQAC) suggested involving qualified psychological counseling professionals to provide awareness and training on this subject. It was proposed that these counseling sessions should not be limited to a one-time occurrence but rather be an ongoing process throughout the year. This approach aims to raise awareness about the factors that contribute to stress, anxiety, and sadness, all of which can significantly impact students' academic performance and productivity. Consequently, the establishment of the Career and Guidance cell within the college was implemented in line with the recommendations put forth by the IQAC.
Formation of Departmental Academic Committee	The committees to meet twice or thrice in a year, records of minutes to be maintained, discussion to focus on syllabus coverage, internal assessment and any other matter.
Formation of Academic calendar department wise	Departments prepared their academic calendar in consultation with faculty of their department Heads. Activities were planned in order to minimize disturbance of teaching schedules.
To analyze Result of Pre university examination	Departments submitted paper-wise results analysis and submitted remedial measures followed. Various parameters for detailed result analysis were discussed and finalized with an aim to track student progression; to identify slow and advanced learners; With such detailed analysis of result, appropriate assistance like remedial classes were arranged for students.
